

Rousing Truman Welcome

President Makes
First Visit to
Native Missouri
As Chief Executive

By Tony Vaccaro

INDEPENDENCE, Mo., June 27—(P)—President Truman came back home today to a welcome he will never forget from thousands of Independence and Kansas City neighbors who shouted, "Hey Harry" until their throats were hoarse.

KANSAS CITY, June 27—(P)—President Truman, making his first visit to his native Missouri since he became chief executive, landed here today for a brief visit, en route to Washington where he will present the text of the United Nations Charter to the Senate for its ratification.

Truman's plane landed at the Fairfax airport in Kansas City, Kas., at 1:30 p. m. Central War Time.

Only a brief welcoming committee, composed entirely of old friends from the president's home town, Independence, Mo., and his daughter, Mary Margaret, and his brother, Vivian, were at the airport. The grounds were closed to the public.

Mary Margaret jumped into the plane and greeted her father with a kiss.

Waved To Sermon

A moment later the president appeared, smiling and waving to Mayor Roger T. Sernon, chairman of the reception committee. Addressing the members by their first names, he shook hands and gave each a brief greeting.

Five minutes after the plane landed the group was en route to Independence.

Mrs. Truman waited the president's arrival at the Truman home.

Among the group at the airport were William Southern, 82-year-old editor of the Independence Examiner, a life-long friend, and Brig. Gen. E. M. Stayton, retired, former commander of the Missouri National Guard, also an old friend.

Changed Plans

Earlier plans to have the president make the drive to Independence in a closed car were changed at his request to enable the home-folk to get a glimpse of him.

In the open automobile with him were Mary Margaret, the president's brother and two Secret Service men. Two car loads of Secret Service men followed.

Mr. Truman had asked that no elaborate parade be held, and only the cars occupied by his party were in the caravan.

The route took him through the business districts of both Kansas City and out Fifteenth street to Independence where he was to hold an important press conference this afternoon and make a public address to his townspeople tonight.

More Children, Fewer Dogs

JEFFERSON CITY, Mo., June 27—(P)—A bill to "encourage the raising of children instead of dogs" was introduced in the Missouri senate today by Sen. H. R. Williams of Cassville, Republican floor leader.

He said the measure was aimed at apartment and hotel keepers who bar children but allow tenants to keep dogs—a policy which he deplored as lowering the birth rate while boosting the dog business.

"I want it so when some of these boys come home from the war," he said, "they can get into some of these flats and apartments with their children. The way it is now if they have a child they can't get in, but if they've got a dog on a string they can make it."

Under his bill, landlords would have their licenses revoked if they barred children while allowing dogs on the premises. Any child could sue for \$5,000 liquidated damages if his parents could show that a dog had priority over their child.

Firm on Food Inspection in Poplar Bluff

Health Officer
Insists OPA Must
Comply With Law

POPLAR BLUFF, Mo., June 27—(P)—City Attorney Robert C. Hyde said he was told on telephone today by George L. Robertson OPA district enforcement attorney in St. Louis, he would go immediately into the federal court and ask for an order restraining health authorities in Poplar Bluff from interfering with OPA agents desiring to check food stored in a frozen food plant here.

The two agents, Marcus Coloman and Douglas A. Cox, were ordered out of the locker yesterday by Claude E. Murray, city health officer, when they could not produce health certificates showing they were eligible to handle food.

Murray suggested the two agents obtain health certificates in line with the city's requirements, explaining the city ordinance was adopted three years ago at suggestion of state health authorities.

"I was surprised," said Hyde, "when I learned the two men were at the locker plant handling food in violation of both a city and state law."

Praised For Stand
"I appealed to Mr. Robertson to take a friendly and cooperative course with us. We are not trying to defeat the OPA work but we realize the importance of such an agency. I asked Mr. Robertson why it was necessary for the OPA men to fly in the face of our laws when the matter could be adjusted to satisfaction of all concerned merely by observing the laws."

Robertson told him, Hyde said, that "when the good people of Poplar Bluff learn our position they will be behind us."

Meanwhile Murray remained firm in his demand that the investigators comply with the city and state health laws before handling food stored in the locker.

He said he received long distance telephone calls from city authorities in many cities last night and today praising him on his stand. One of the calls he said, was from Mayor Kelly of Chicago, assuring him "Chicago is behind you."

JEFFERSON CITY, June 27—(P)—Missouri's laws regulating food handlers do not cover two OPA inspectors who yesterday were restrained from inspecting meats in a Poplar Bluff cold storage plant simply because the laws can't cover such plants.

That is the informal opinion of the state attorney general's office. The opinion, given OPA district attorney George L. Robertson yesterday in a telephone conversation with Assistant Attorney General A. V. Owsley, is based on a 1942 opinion which said the state health department "is without power and authority to regulate . . . frozen food storage lockers under the existing statutes."

The health department, with power to regulate and enforce in the matter of health standards for food handlers, is not able to regulate storage lockers where the contents are not for resale, the opinion said and storage lockers—of comparatively recent origin and use—could not be interpreted as coming under the 1911 law in force now.

Should the state legislature feel the health department should have regulatory power over food lockers, Owsley said, it could pass a law for the purpose.

Bag of Sea Shells Dropped To Stranded at Shangri-La

By Ralph Morton

MOUNT HAGEN STATION, NEW GUINEA, June 25—(Delayed)—(P)—Lend-lease finally percolated today to New Guinea's wilds—and out dripped 40 pounds of sea shells, first-rate currency in these innocent parts.

The 40-pound bag of sea shells was the gift of the commonwealth of Australia, which thought they might come in handy in dealing with the natives of Shangri-La, hosts to the Army WAC and 14 compatriots stranded for the moment in that hidden, mountain-girt valley of New Guinea.

Maj. Sir George Gresham, administrator of Australian-mandated New Guinea, presented the shells to air force officers and said they were to be dropped to WAC Cpl. Margaret Hastings, of Owego, N. Y., and her companions.

"Plenty of Money"

There was enough mother of pearl in the bag to buy whole

harem of Shangri-Laian wives, and uncounted stys of pigs, which the natives are reputed to raise to the stature of donkeys.

In dropping the currency to Miss Hastings, her two comrades who survived an army transport plane crash May 13, and 11 parachute rescuers, the Australian warned of inflation.

Seems like if they whooped off the shells, they might start a bear market in wives, which might cause great violence to the economy in Shangri-La.

Meanwhile, expert glider personnel and new equipment arrived on Biak Island, where final tests will be made tomorrow on the use of gliders for extricating the Hastings party from the difficult valley.

If successful, a glider will be dropped into the hidden valley Tuesday afternoon, and the survivors will be towed out by an army transport plane the following day.

Provide for Confederates

JEFFERSON CITY, June 27—(P)—The house passed a bill yesterday to provide suitable living quarters at Higginsville for residents now living in the Confederate Veterans' home, but turned down an amendment which would have authorized purchase for \$10,000 of a building in Higginsville for such living quarters.

The present home is being sought by the federal government for conversion into a hospital for World War II veterans.

Also passed was a committee substitute for a senate bill turning the home and property to the government with an amendment by Rep. James P. Boyd (D) of Monroe county providing that title of the present home not be relinquished until the one veteran and eight veterans' widows are provided with new quarters.

Former War Prisoner Home

Sgt. John E. Boots grandson of Mrs. Dora McGowan and nephew of Mrs. L. H. Luckey, 1829 East Seventh street who was shot down over Germany on June 9, 1944 and has since that time been a prisoner in Germany until his recent release, has arrived at his home in Bagnell on a sixty day furlough.

Mr. and Mrs. Luckey and son, Jack Hawkins and Mrs. McGowan will go to Bagnell Thursday for a visit with him.

On Sunday they will all go to Lexington to see another grandson of Mrs. McGowan and nephew of Mrs. Luckey, Harold Matney, who has completed his Boot Training at Great Lakes, Ill., and is home on a ten day leave.

Collect Tin Cans July 15

Neil Gallagher, Kansas City, with the district salvage office, to preserve tin, is in Sedalia conferring with L. W. Richardson, the local chairman, making plans for a city-wide curb pickup of tin cans July 15.

Only those cans can be used that have had the labels and ends removed and have been flattened. One unprepared can will ruin the salvage on thirty other cans, it was stated, therefore it is necessary they be flattened out.

Mr. Gallagher will return to Sedalia a week before the drive to direct the campaign. Announcement of more definite plans will be made later.

Tire Blows Out, Car Overturns

Three women received injuries and two small children escaped injury about 11 o'clock this morning when the automobile in which they were riding overturned on Highway 65 south of Warsaw. The car turned over when the driver, Mrs. Floy Scott, of Arkansas, lost control of the machine as a tire blew out.

Mrs. Scott received bruises and suffered shock.

Mrs. Eva Sanders, 4009 East 39th street, Kansas City, received a fracture of the right clavicle, also suffered shock, slight cut on one hand and bruises.

Her daughter, Mrs. Rodney Painter, of the same address, suffered a broken hip, bruises and shock. Mrs. Painter's two sons escaped injury.

Dr. M. P. Shy treated the injured women.

They were brought to the Bothwell hospital in an ambulance from Warsaw, and later this afternoon taken to Kansas City.

Kent Tarr in Rhine Battle

Pfc. Kent A. Tarr has arrived in the United States, en route to the Pacific, and is expected home for a 30-day furlough within a few days by his parents, Mr. and Mrs. Roy Tarr, 1020 South Missouri avenue.

During his six months overseas with the 97th Infantry division, he served in France, Germany, Czechoslovakia and Sudentland. He participated in the Battle of the Rhine and was trapping Germans in the Ruhr pocket when the European war met its end.

Pvt. Tarr wears the Combat Infantryman's medal, three Battle Stars, the German Victory ribbon, Pre-Pearl Harbor ribbon and the Good Conduct ribbon.

He entered military service July 13, 1941.

Ration Board Still Needs a Chief Clerk

Clarence P. Short, district supervisor of the Price and Ration district office, Kansas City, is in Sedalia making his weekly visit to the Pettis County Price and Rationing Board at the court house.

Mr. Short said, "Everything seems to be running smoothly, but we are in need of a chief clerk."

Frank Rose, of the Kansas City office, has been acting chief clerk and will have to return to his Kansas City duties this week-end.

W. M. Ilgenfritz, vice-chairman of the local board, said he had no statement to make today.

FDR Stamp on Sale Today

WASHINGTON, June 27—(P)—A three cent stamp bearing the portrait of Franklin D. Roosevelt, first of four to be issued as a memorial to the late president, went on sale in Washington today.

The stamp will be available at other post offices throughout the country beginning tomorrow.

The White House appears in the background on the purple, special-delivery-size stamp. One, two and five-cent denominations will be issued later.

Postmaster General Frank C. Walker arranged to sell the first sheet of the new stamps to former secretary of state Cordell Hull in a ceremony at Hull's home here marking the first public appearance since entering the naval hospital at Bethesda, Md., last October.

Commission Man Dies

KANSAS CITY, June 27—(P)—William Rust Hensley, 65, widely known livestock commission man, died in a local hospital last night following an illness of several months.

Hensley had been in the livestock business since 1926 when he came here from St. Louis.

Pettis County \$17,014 From War Bond Goal

Pettis Countians are gradually reaching their "E" bond goal, according to C. L. Hanley, county finance chairman, who stated today the total sum of \$17,014 in bonds must be raised.

The premier show at the Fox theater Tuesday night, where admission was only by a ticket obtained by buying a bond raised the total sales considerably.

'Health' Theme Of Club Talk

The Sedalia Lions club held its regular noon day meeting at the Bothwell hotel today, with Dr. L. M. Garner, director of Child Hygiene, state health department, as the principal speaker. President Noel Tweet presided over the meeting.

Dr. Garner, whose headquarters are Jefferson City, took as his subject, "County Public Health and County Clinics." He spoke on the benefits of the county clinic and of county health problems which confront the public today and in the future.

Mayor A. H. Wilks, guest of Adolph Glenn, gave a brief talk on the part the city of Sedalia is playing in health problems.

Two new members were introduced, Eugene Herrick, representing Phillips 66 and Dell Ilmberger, Dell's Shop.

It was announced a night meeting will be held by the local club Friday night in the Ambassador room at the hotel, taking the place of the meeting of next Wednesday.

Welcomed Back To Washington

WASHINGTON, June 27—(P)—Secretary of State Stettinius and other members of the United States delegation to the San Francisco conference were enthusiastically welcomed back to Washington today by the senate foreign relations committee.

The committee, which Senator Connally (D-Tex.), one of the returning delegates heads, motored from the capitol to the airport nearly an hour before the world charter shapers flew in from the west coast.

Arriving in the same plane that brought Stettinius were Connally and Mrs. Connally, Senator Vandenberg (R-Mich.), British ambassador Lord Halifax, Mexican foreign minister Ezequiel Padilla, Brazilian foreign minister Pedro Leao Velloso, and Dean Virginia Gildersleeve of Barnard college, only woman on the American delegation at UNCTO.

"We have completed the United Nations charter," Stettinius said on his arrival. "We have just begun to make a United Nations peace."

"The next step is ratification of the charter by the United States and a sufficient number of other countries to bring the world organization into being and set it to work. This cannot come too soon."

Expect Army To Cut Score

WASHINGTON, June 27—(P)—Capitol Hill expects the army soon to cut the present 85 point score required for discharge to either 80 or 78.

The final decision will be made on the basis of reports being received by the war department from field commanders.

House military committee members say the new "critical" score will not change the weighing of points allotted in the tentative program. A man still will receive one point for each month of service, one additional point for each month of foreign service, five points for each battle and twelve points for each child not in excess of three. No points are allowed for service after May 12.

Kate Smith Mentions
Sedalia on Radio Program

Kate Smith, on her morning radio program, stated there is a town in Missouri—it is Sedalia, Missouri—where is located the Bothwell Memorial hospital. "A sign in the hospital reads, she noted: 'No children allowed in the maternity ward' and some little girls wondered how the stork got the babies in there."

The Cross Roads column written for the Sedalia Democrat-Capital by George H. Scruton, editor, recently carried a reference to the maternity ward where no children are allowed.

'A' Award to Swift

KANSAS CITY, June 27—(P)—A food pageant, will precede the award of an "A" to Swift & Co. by the war food administration at the Municipal auditorium tonight.

Admiral E. G. Morsell, Great Lakes, Ill., will present the award. Gov. Schoepel of Kansas and Mayor George of Kansas City will give the main addresses.

Secretary Stettinius
UNITED STATES

INDEPENDENCE, Mo., June 27—(P)—President Truman announced today he had accepted the resignation of Edward R. Stettinius, Jr., as secretary of state, and was appointing him as American representative on the post-war security council and chairman of the United States delegation in its general assembly.

Wife's Weight 'Humiliates'

MIAMI, Fla., June 27—(P)—Neglect of the "trim body beautiful" which won his wife health contest honors shortly before their marriage in 1912 "embarrassed and humiliated" him, 77-year-old Bernard MacFadden told a hearing which opened a new round in the physical culturist's 29-month legal fight to dissolve his marital ties.

That, combined with bickering over the rearing of their six children and acts of physical violence finally drove him from his home, the millionaire publisher testified before Special Master John C. Gramling yesterday.

"I had no trouble with the missus for the first ten years—she helped me in every way and I was very proud of my family," MacFadden declared.

"She helped me up until the time I began to make a lot of money," he added.

While Mrs. MacFadden listened from a chair four feet away, the health exponent explained he was humiliated by his wife's refusal to diet and keep her weight down "so she would be a credit to me and herself and the work I had been doing all my life."

Bernard MacFadden is a former Sedalia. He was physical director for the Y. M. C. A. in Sedalia when it was located at 512 South Ohio avenue and prior to that time he had been physical director for the Marmaduke Military academy, then located on the outskirts of Sweet Springs.

John Estes Has Bronze Medal

T/5 John W. Estes, son of Mrs. J. S. Driskell, route 5, has been awarded the bronze star medal for meritorious achievements and devotion to duty, in the European theatre of war. He participated in four battles.

His mother has received from him seven German knives and one dagger, each in a steel holder.

Mrs. Driskell has another son in service, T/4 Kenneth Estes, who is in New Guinea. Both boys left Sedalia with the National Guard in 1940 and both were former carrier boys for the Sedalia Democrat.

Fighter planes heavily supported the rapidly moving American sweep of Cagayan valley on Luzon island in the northern Philippines where only 20 miles now separate the two jaws of the American-Pilipino nutcracker. The 37th division swept 14 miles northward through Tuguegarao, as 11th Airborne troops pushed down from the north. Some ten thousand Japanese fled to mountains on the eastern side of the valley while three U. S. divisions pushed through mountains on the west.

Australians overran the flaming oil fields of western Borneo while Tokyo continued to report mine-sweeping and naval bombardment in the Balikpapan area on the southeast.

Turkey Disturbed
Over Reports

ANKARA, June 27—(P)—Turkey, disturbed by reports that Russia is seeking modification of the Montreux convention fixing the status of the Dardanelles, looked toward the United States and Britain today for a hint of their reaction.

While no concrete developments are expected before the impending "Big Three" meeting, it is believed in Ankara that Turkey will sound out opinion in both Washington and London in the meantime. It is expected that foreign minister Hasan Saka may stop off in Britain for talks with Prime Minister Churchill and Foreign Secretary Anthony Eden en route home from the San Francisco security conference.

Invasion Of Kume Is Report

Conquest of This
Island Will Add
Ten Square Miles
To Allied Bases

By Leonard Milliman
Associated Press War Editor

An American invasion of Kume island on the flank of newly-acquired Okinawa was reported by Tokyo radio today as Japanese troops in the northern Philippines fled to the mountains from the jaws of a rapidly closing Yank trap.

Fifty Superforts paced the air war with a pre-midnight strike at Japan's largest remaining oil refinery in the second B-29 attack in 14 hours. Smaller units of the Allied air arm listed 17 more small Japanese ships sunk.

Tokyo's unconfirmed invasion report said American amphibious units stormed Kume beaches yesterday, 50 miles west of Okinawa, and were engaged in "heavy fighting" by the defending garrison. Conquest of the island would add another ten square miles to Allied bases in the central Ryukyu chain being prepared for eventual invasion of Japan.

Near Kerama Islands

Between Kume and Okinawa are the American held Kerama islands which for days Tokyo has reported swarming with invasion forces.

U. S. Tenth army forces mopping up Okinawa ran Nipponese losses up to 111,351 as they rounded up 802 more prisoners. Most poured in with surrender leaflets in their hands. Others were caught as they waded through the shallow waters trying to join ambush squads.

Major prize was finding the shallow graves of Lt. Gen. Mitsuru Ushijima, commander of the 32nd Japanese army, and

Communists Register In Germany

Favor Coalition Government Friendly to Russia

By Dewitt Mackenzie Associated Press Foreign Affairs Analyst

The question of Germany's future form of government — one of the great (and dangerous) problems in the regeneration of the Reich — already has been thrust to the fore by the German Communist party, which Herr Hitler and Gestapo Chief Himmler tried unsuccessfully to kill.

The Communists, having survived as a hunted underground organization throughout the Nazi regime, have now registered as a legal party in Berlin. They state in a manifesto that they don't favor a Soviet system for Germany at present but instead an anti-Fascist regime within a democratic parliamentary republic — a coalition government friendly to Russia.

At first blush this failure to go all-out for a Soviet may seem surprising. However, further consideration brings one to the conclusion that the Communists are proceeding with discretion along a logical line which they indicate in their manifesto when they say that a Soviet system in the Reich "does not correspond with the development of Germany at the present moment." In other words, they figure the country isn't ready for this sharp change.

Never a Chance
But what about the suggested "democratic parliamentary republic?" It's interesting to see that proposal crop up now in view of the mournful failure of the Weimar republic which preceded the Hitler dictatorship. Of course, that republic never did have a fair chance, because of international politics in Europe, but there are many who maintain that the German mentality isn't suited to the democratic form of government.

The mentality of a nation can be changed but certainly up to the present the Germans have shown clearly that they not only respond well to regimentation, but that they love to goose-step. Hitler demonstrated that thoroughly enough in the way he made them click their heels and "Heil." All in all, it strikes me we are justified in concluding that right now the people of the Reich aren't qualified to govern themselves — and the probabilities are that most of them don't want to. They prefer to be governed.

Discussion Natural
In view of all this it isn't strange that there should be some discussion of the advisability of reviving the monarchy which went out with the abdication of Kaiser Wilhelm at the end of the last World War. The Kaiser ruled by "divine right" and satisfied the yearning of his people to have someone do their political thinking for them so that they could be free to enjoy their seidel in the beer halls after the day's work.

Should there be an effort to restore the monarchy, the outstanding candidate for the throne would seem to be Prince Louis Ferdinand and Hohenzollern, the 37 year old grandson of the late Kaiser. Prince Louis is next in line for the Hohenzollern crown, since his father, Crown Prince Wilhelm, abdicated his rights. Whether the Allies would stand for any restoration of this dynasty is, of course, open to question.

Prince is Democratic
Prince Louis Ferdinand is a surprising young man — for a Hohenzollern. He is friendly and so democratic in his views that back in the thirties he spent considerable time working as a mechanic in the Ford plant in Detroit to learn the automobile business. He is one of those chaps who packs his own grip, and carries it, too — even as you and I.

The prince married the Russian grand duchess Kira Kirillovna, and they have five children. They have been living quietly at Bad Kissingen, Germany. Prince Louis stated a few days ago that in 1938 he served as messenger to the German government in a confidential move by the late President Roosevelt to preserve peace.

Buncombe Club Meeting

The June meeting of the Buncombe Willing Workers club was held at the home of Mrs. J. R. Blaylock, who was assisted by Mrs. J. V. Kesterson.

A covered dish luncheon was served at noon. Mrs. George Brady presided over the business session, preceding which roll call was answered by each member describing her wedding dress.

A letter from Mrs. Henry Hansen of Denver, Colo., a former member was read.

Guests were J. L. McCurdy, Ed Callis, Henry Blaylock, L. F. Payne, Mrs. Frank Blaylock and daughter and McKinley Thomas, Henry Blaylock, a Seabee from the Pacific, home on a 30-day furlough, Wayne and Shirley Thomas, Norma and Wayne Rhoddes, Jimmie Kesterson and Glenda Blaylock.

In lieu of the regular meeting, the club will meet at the County Home Sunday night, July 8, and serve homemade ice cream, cookies and cake to those at the home.

Helps to Keep Planes in Air

AN AIR SERVICE COMMAND SUPPLY DEPOT, England—Attendance in special maintenance classes at this Air Service Command Base enabled Cpl. Gerald L. Welch to become a proficient mechanic in the repair of Air Corps special purpose vehicles, and helped to keep thousands of planes operating constantly over enemy territory.

Corporal Welch, son of Mr. and Mrs. S. W. Welch, 1020 West Eleventh street, Sedalia, was appointed by his commanding officer to participate in the course. During this period, he learned the func-

tions of all types of echelon work done on heavy-duty tractors and special vehicles, which were used in the serving of Allied Air Forces.

Having entered the army in May, 1943, Corporal Welch received his basic and technical training at Lincoln Air Base, Lincoln, Neb. Formerly he was an employee for the North American Aviation Inc. in Kansas City, Kansas.

New Version On Age Aid

JEFFERSON CITY, June 27 — (AP)—A brand new version of the old age pension hit the Missouri House of Representatives Tuesday while a Senate committee looked with favor on a bill to broaden the present law.

The new scheme, offered by Reps. G. W. Lane (D) of Pulaski county and B. H. Rucker (D) of Phelps county, would give farmers and farm laborers over 65 years old pensions of \$20 to \$40 a month for life. Benefits would be based on average annual earnings for the previous ten years.

Sponsors of the bill, submitting it in the form of a constitutional amendment proposal, said it would induce people to devote their lives to farming and to stay on the land. Meanwhile the senate Social Security committee voted a 4-2 favorable recommendation for a bill by Rep. Joe H. Miller (R) of Carroll county which would make it unnecessary for living conditions of old age assistance applicants to be taken into account in granting benefits.

Parke M. Banta, state Social Security administrator, estimated the bill would cost \$3,500,000 the first year if it becomes a law. He called it "one more step toward a flat pension philosophy" and said it would cost the state \$125,000,000 a year to pay a flat grant. Banta said an earlier bill, raising the ceilings on assistance grants in effect to \$40 a month would add \$2,500,000 to Social Security needs if it is signed by the governor, but so far no appropriation has been made for that or for the bill reported out today.

Should both be enacted, "then we'll have to impose a horizontal cut on all grants," he declared, "and that will hurt the people with no relatives the most."

The bill changing eligibility requirements already has passed the house, where it provoked hot arguments on the floor.

House Passes Pay Hike Bill

JEFFERSON CITY, June 27 — (AP)—The House of Representatives finally passed a senate bill raising salaries of judges of courts of record Tuesday after killing 4 amendments which would have reduced or cut the salaries back to present levels.

The bill cleared the house, 75 to 48, with a minor amendment attached, but in gaining approval it was lashed by several lawmakers who sought to void its design by the reducing amendments.

The only successful amendment was one submitted by Rep. J. S. N. Farquhar (R) of Cape Girardeau county to reduce the salary of the Cape Girardeau court of common pleas judge from the bill's \$8,000 to \$5,000. The measure now goes back to the senate for consideration of the amendment.

"This entire bill is the most ridiculous piece of legislation I've ever seen," Farquhar began. "The Cape Girardeau common pleas judge works not more than one-third of the time. This \$5,000 will raise his salary by \$900 and that is sufficient."

The remainder of the bill's provisions call for Supreme Court salaries of \$12,500, appellate court salaries of \$10,000; St. Louis City, St. Louis County and Jackson County Circuit Judge salaries of \$9,000, and other circuit judge salaries of \$8,000.

Voices Opposition
Rep. James P. Boyd (D) of Monroe county opened the opposition's debate with an amendment paring the supreme court and appellate court salaries to their present levels of \$10,000 and \$8,500.

Sgt. Joe Clayton Is On Way Home

Staff Sergeant Joe O. Clayton, son of Mr. and Mrs. N. O. Clayton of 906 South Massachusetts avenue, Sedalia, is returning home after serving 12 months in the Pacific area with the Red Raiders, one of the leading heavy bomb units of the Fifth Air Force bomber command.

An Aerial Photographer on a B-24, he has flown over 50 combat missions and has more than 400 combat flying hours to his credit. He holds the air medal with two oak-leaf clusters for operations against enemy airdromes and installations and attacks on navy vessels and shipping.

As a member of the Red Raiders, the Sergeant participated in many of the important strikes carried out by his organization. Among the enemy installations over which they have operated, are Jap bases and air strips at Hollandia, Biak and Wakde, and on the Moluccas, Mindanao, and the Visayan Islands at Luzon.

The 23-year-old flyer was a news reporter for the Sedalia Democrat-Capital until his entry into the armed forces August 19, 1942, and has been overseas 17 months.

The air medal awards, for meritorious achievement while participating in sustained operational flights against the enemy in the Southwest Pacific theatre of operations were made by Brig. Gen. Crabb, commanding officer of the Fifth Bomber command.

Work On Court House Clock

Late Tuesday many downtown visitors were somewhat attracted by the sounding of the bell in the court house clock, its ringing seeming rather ghostly because of its silence over a number of years. The fact is the subject of the court house clock came up in the county court recently and it was decided to have it fixed, resulting in the repairman being at work on it.

It is anticipated the clock which is, when operating, illuminated at night, will start ticking away the seconds, minutes and hours and striking on the hour and the half

hour properly today, after another visit of the repairman.

Laying telephone wire on the Tokyo road

Under fire on Iwo Jima, two marine wiremen of the Fifth Division race to lay telephone wire to front-line foxholes.

Many such men must take part in many scenes like this before Tokyo is reached. And telephone factories must stay hard at work supplying these men the equipment they need.

The end of the German war brings closer, of course, the day when everyone can get a telephone without delay. But the demands of the Japanese war mean that it will still be many months before that day comes.

EVERY PLY OF EVERY RIVERSIDE IS... **12% STRONGER!**

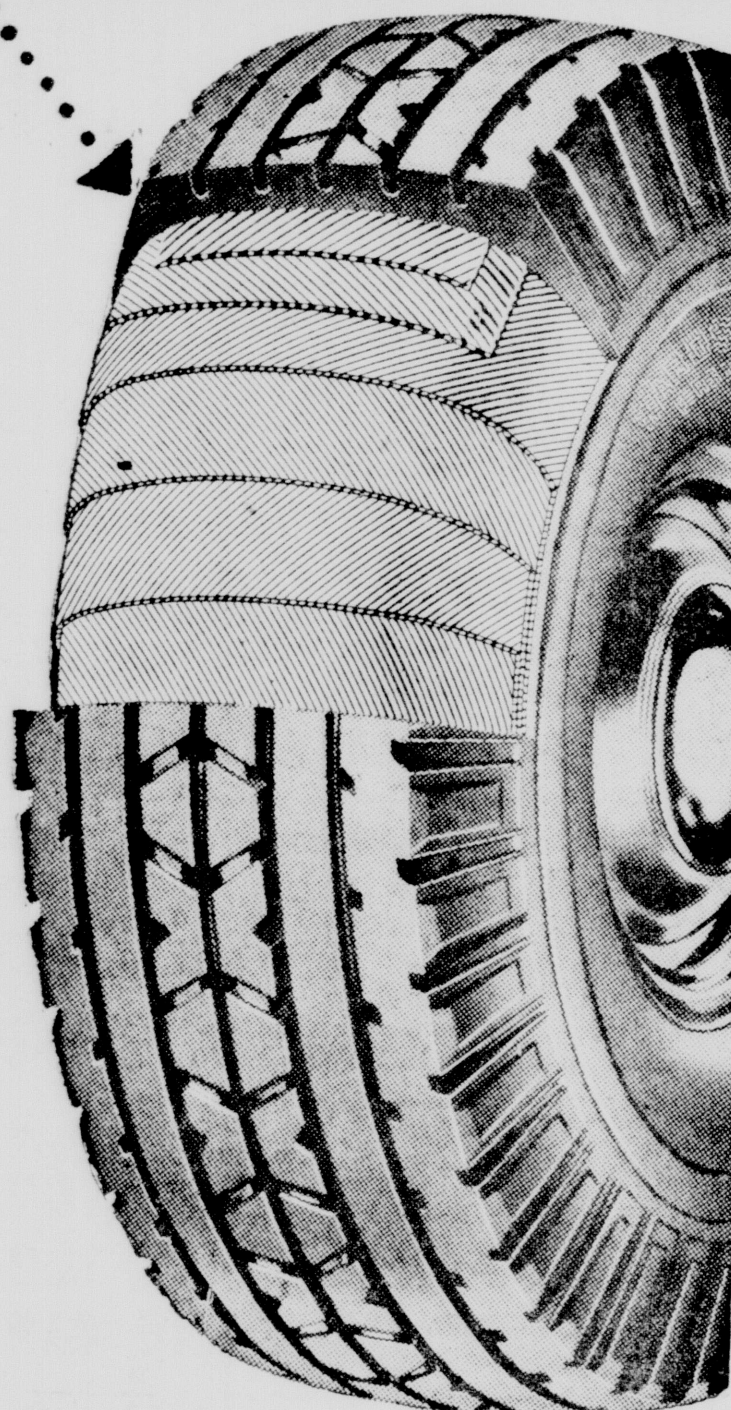

THAT'S WHY WE SAY...

More MILES-OF-SAFETY ON RIVERSIDES!

Today... Riversides are even stronger... 12% stronger than our pre-war Riversides! Every ply is stronger because each cord is stronger to begin with; then chemically-strengthened to make it stay stronger longer! Next, the cords are immersed in a "bonding" solution which "welds" them together. They are then imbedded between two layers of rubber! THE RESULT:—A Riverside PLY of strength... built-in strength that insures MORE MILES-OF-SAFETY!

"SPIKE TEST" proves RIVERSIDES' 12% stronger plies give greater blowout protection.

In this test a big steel spike is shot into the tire like a projectile! Yet, no blowout, not the slightest damage!

Man Has Memory Lapse Taken to Hospital

A man identified as S. H. Burgess, Indianapolis, Ind., was taken from the St. Francis hotel, where he got off a bus early this morning, to the Bothwell hospital for medical treatment. Mr. Burgess was examined by Dr. W. T. Bishop, city physician, who said the man apparently has had a lapse of memory.

A check of names found on him resulted in learning he had a brother, E. D. Burgess, at DeSoto, Kansas, but a call to that place revealed the brother had moved to Indianapolis recently. Police are endeavoring to locate his brother to notify him of Mr. Burgess' condition.

June Meeting of Bothwell Club

The June meeting of the Bothwell Homesteaders club was held at the home of Mrs. Harry Runge, with Mrs. Rival Rhoads as assistant hostess.

A contributive lunch was served at noon.

After a short business session, Miss Dorothy Bacon spoke on "Gardens." A game, "Scrambled Vegetables," was led by Mrs. Raus Sprinkle.

Guests were Mrs. C. H. Storms, Mrs. Dias Matt, Mrs. Bessie Pettors, Mrs. Clarence Shaw and daughter, Miss Betty Jean Shaw, Mrs. V. Abney and Miss Jane Patterson. Three became members.

The evening was spent in cleaning sewing machines.

The July 18 meeting will be with Mrs. Charles Wise, who will be assisted by Mrs. V. Abney.

"Lucky me! I gotta go to St. Louis"

"It's an essential business trip, of course, or I wouldn't be making it."

"But even the O.D.T. can't complain if I stay a few days longer to see the sights and have a time for myself. I can do that without traveling a single unnecessary mile... without putting any more load on the crowded facilities than I would if I went right straight home."

The essential traveler who does stay a little longer in this "City of a Thousand Sights" can attend the world-famous Municipal Opera... see major league baseball featuring either the Browns or the Cardinals... witness the hilarious daily free shows at the City's celebrated Zoo... spend delightful hours seeing such interesting places as Shaw's Garden, the glorious floral Jewel Box, Art Museum, historic riverfront, Old Cathedral, Old Courthouse and many other attractions.

If you MUST come to St. Louis this summer, make the most of your mileage... stay a few days or a week longer and really see this "City of a Thousand Sights."

To Postpone July 4 Picnic

Members of the Lookout Home-makers club met at the home of Mrs. Arthur McMullin for the June meeting.

At the beginning of the business session, presided over by Mrs. A. Streeter, picnic ideas were given in answer to roll call. Due to the rush in farm work, it was decided to postpone the Fourth of July picnic until a later date.

Mrs. Streeter and Mrs. Brown, who attended a health meeting in Sedalia, gave a demonstration on "Care of the Feet."

Mrs. Brown led a game and refreshments were served.

The July meeting will be with Mrs. Streeter.

Three Paxtons Pay Fines

W. R. Paxton, East Twenty-fourth street, was fined \$25 in police court this morning on a charge of being intoxicated. He was arrested by police after a report had been turned in that he was driving a truck.

However, he was not driving at the time of his arrest but he had, according to testimony in police court, threatened his son-in-law, Claude Craig.

Mrs. Paxton, arrested several days ago for assault and battery, pleaded guilty Tuesday afternoon to Justice of the Peace A. M. Harlan and was fined \$10 and costs.

The son-in-law, according to the police, was fined \$25 several days ago for creating a disturbance in the 100 block on South Missouri avenue.

Direct Hit on Shelter Killed Harold Bryan

Parents Receive Letter From Company Chaplain

Mr. and Mrs. Virgil Bryan of Ottumwa, have received the following letter in regard to the death in action of their son, Pvt. Harold W. Bryan on March 24, 1945:

"Your letter pertaining to your son, Harold W. Bryan, 37753672, and addressed to Chaplain Clarkson, has been received. I am undertaking to acknowledge it since Chaplain Clarkson is no longer with us. I trust the following information will prove helpful to you in your sorrow.

"Your son was killed instantly in the vicinity of Menden, Germany, by multiple shell fragments entering his head, chest and shoulders. He was a member of one of the first units to cross the Rhine on the Remagen bridge, though at the time he was killed the bridgehead had been well-established. His company had been deployed in cleaning out an enemy pocket on the banks of the Sieg river. The men of the platoon had dug in and sought shelter from enemy fire in their fox-holes. The enemy scored a direct hit on your son's shelter which he shared with another soldier who was also killed.

Buried In Germany

"Since he was with the company for such a short period of time he did not make many acquaintances, though Pfc. Cornelius King, 44017851, same military address as your late son's, who came to the company with him is familiar with all of the circumstances. I gather that Chaplain Clarkson has already told you that his remains were taken to the United States military cemetery at Ittenbach, Germany, for interment.

"I realize Mrs. Bryan, that your loss is a grievous one, and especially since he lost his life so shortly before victory in Europe had been achieved. May I commend you to the mercies of God who does all things well. That He may be your stay and comfort is the prayer of all of us.

"Very sincerely yours,
"Oscar W. Voelke,
"Chaplain (Capt.)"

Pvt. Bryan had been overseas a month when he lost his life.

Club Has Many Activities

The Eldorado Extension club held its June meeting at the home of Mrs. Paul Gregory with Miss Dorothy Bacon as a visitor.

After a contributive luncheon, Mrs. Tony Smith presided over the business session. The devotional service was led by Mrs. George Boyd Ray and the club collect and the Lord's Prayer were repeated in unison by members. Wedding dresses were described in answer to roll call.

Miss Bacon demonstrated the upholstering of furniture and mending of clothes baskets and spoke on the Dumbarton Oaks plan. A roundtable discussion of gardens followed.

Mrs. John Bruns conducted a vegetable game.

The July meeting will be with Mrs. Finis Galloway.

OBITUARIES

Mrs. Byron McMullin

First On List Of Food Is Watermelon On Return

Sgt. Joseph Carl Helfrich, 20, of the Eighth Air Force, who was a prisoner of the Germans seven months, has arrived to spend a 60-day furlough with his parents, Mr. and Mrs. Joseph F. Helfrich, 2500 South Collins avenue, and home-cooking is helping him regain weight lost while he was interned.

First of his list of food desires was watermelon. Sgt. Helfrich said the food issued in the camps where he was held was "just barely enough to keep up alive." A six-footer, Helfrich lost 40 pounds, weighing approximately 150 pounds when he was liberated by English forces on May 2.

Taken By Volkstrum

They were captured by members of the Volkstrum, the People's Army, and SS (Elite) Guards and were first taken to a transient, or dugout camp at Frankfurt. Sgt. Helfrich was wounded in the right arm by the flak, and did not receive proper medical care until 20 days later when he was taken to Luft 4, a camp for prisoner airmen in East Prussia. There he was attended by captured American doctors. He was in a camp at Luenberg in Hanover when he was rescued.

Has Several Awards

Sgt. Helfrich has been awarded the Purple Heart, a presidential unit citation and the air medal with three oak leaf clusters. On his E. T. O. ribbon are two bronze stars, representing participation in the air offensives over France and Germany. He also has the good conduct ribbon.

After his furlough he will report to Miami Beach, Fla. A brother, William, 16, and his sister, Mrs. Hoover Ray and her daughter, Susan, who are living with Mr. and Mrs. Helfrich, while Mrs. Ray's husband, a yeoman second class in the navy, is serving in the South Pacific, complete the family circle.

Sgt. Helfrich, who arrived in Sedalia June 15, entered service August 4, 1943, two and a half months after graduating from Smith-Cotton high school. He lacked five days of having been overseas a year when he sailed from LeHarve, France for the United States.

Donate Food to Day Nursery

The June meeting of the South Abell Homemakers club was at the home of Mrs. Harry Kehl with Mrs. N. C. Leiter, assisting hostess. After a contributive luncheon a short business session was held. Mrs. N. C. Leiter was in charge of the devotional. Several jars of fruit and vegetables were brought as a good will offering to the Melita Day Nursery. A donation sent to the China relief.

Fifteen members answered to roll call which was "My Wedding Dress," and many amusing things were told of wedding dresses.

Merry-Go-Round

by DREW PEARSON

WASHINGTON, June 27—Few people noticed one little item tucked away in the army appropriation bill, but it gives significant insight into how war department planners are thinking in terms of a next war. The item is \$1,430,000 for horses.

Not a single cavalry operation has been used in the entire war. On the contrary, the Russians and British are now concentrating all their future war experimentation on rocket bombs which they think eventually can reach the moon. Meanwhile, a German document has come to light whereby their scientists and industrialists are instructed to begin research for new war weapons.

Yet U. S. army chiefs are still spending money on horses and asking for peacetime conscription of the type France had before she fell in 1940.

In the new army appropriation bill, the budget bureau scaled the army's horse allowance down to \$1,240,000, which included the cost of breeding plus the purchase of 338 new riding horses. However, the army, maneuvering backstage, got Congressman Case of Custer, S. D., a city which still lives on the memory of that cavalry riding old Indian fighter, General Custer, to insert an additional \$190,000 in the bill. This would purchase about 1,000 new riding horses.

In other words, it looks as if the army was sliding right back to its old peacetime ideas when it used to battle every year with Congressmen Ross Collins of Mississippi, the man who insisted that the army accept an appropriation to buy tanks and its first flying fortress when the brass hats wanted neither.

Quizzing Gen. John F. Preston, then inspector general of the army, Congressman Collins once inquired about why the taxpayers needed to spend money for horses at San Antonio, an aviation base. "Are they for the officers, or the women folk?" Collins asked.

"For the officers," the inspector general replied.

"For airplane duty?" the congressman persisted.

"For airplane duty," General Preston replied solemnly.

"They must be flying steeds," granted the congressman from Mississippi.

Air vs. Land

On April 2 this column told how army advocates of a big land army and peacetime conscription had got busy about three months ago and drew up plans whereby the air force would be reduced to the same size it was in 1936—about 18,000 men. This would make it one of the smallest air forces in the world, with few modern planes and little money for experimentation.

On the same day this column was published General Hap Arnold, by pure coincidence, submitted a violent protest against this skeletonized air setup. Arnold used language which only he can use to warn that the U. S. would be in for disaster if we did not keep a big air force and allow money for developing new types of planes.

As a result, the old-line army boys beat a hasty retreat. A new plan, increasing the air corps 500 per cent over 1936 is now proposed. It would give the air force around 100,000 men. However, the brass hats still want a big land

army of a couple of million conscripted men.

Truman Reviews Jap War
For about 25 years the air force has been hoping they would be given an opportunity to report directly to the president on their version of how a war should be fought. This opportunity came at last when, two weeks ago, President Truman requested the air force to present their plan on how Japan could be defeated with the most economical cost in human lives.

A military plan against Japan had been worked out under Roosevelt, but when Truman came in he thought it wise to review the whole matter. Therefore, he asked the three major services—the navy, the army and the air force—to present their plans on the most effective strategy for defeating Japan.

It is no secret that the army's plan long has called for a mass attack of land troops. Discussion of this has been quite open. However, the air forces have believed that by stepping out all factories and making the entire population homeless they might be able to force a surrender without a mass invasion, always costly in human lives. Even if they could not force a surrender, air force strategists have believed they could so pulverize Japan that about 400,000 American lives could be saved during any later invasion.

It was expected that the army, navy and air force would each report their plans directly to the White House. However, unknown to President Truman, General Marshall, chief of staff, went to Gen. Ira Eaker, who commands the air forces in General Arnold's absence and asked him not to submit a separate air forces report—in other words to go along with the army's invasion plan.

General Eaker bowed to his superior, General Marshall. So President Truman will get no separate report from the air forces disagreeing with the land-army strategists.

Many air-forces insiders are boiling mad at this. So certain senators, particularly A. B. Chandler of Kentucky, a member of the senate military affairs committee, plan to do some probing of the matter.

Severe Shipping Shortage

General Arnold, who was in the Philippines at the time, was prevailed upon by General MacArthur to go along with the plan of a land-army invasion. However, Arnold recommended an all-out air assault before the invasion to reduce the enemy's ability to fight.

Unfortunately fact is, however, that because of the shipping shortage it will be extremely difficult, if not impossible, to do both. If an all-out air assault is to be made it will be necessary to give the air force all essential shipping priorities and thus delay an invasion by troops.

This conflict in opinion is just another indication of the unsoundness of the present army setup wherein generals in the air forces take orders from the chief of staff.

Unfortunate part of this invasion plan is that President Truman undoubtedly has believed that the air force heartily concurs in the plan which has been submitted. He has no way of knowing the contrary.

Looking Backward Forty Years Ago

Mayor Babcock has directed Chief of Police Love and his force to see that Sedalians are not afflicted with the firecracker nuisance prior to or on the Fourth of July. Complaint was made today that boys in both East and West Sedalia put in an hour or more in their respective localities last evening discharging cannon and if it is repeated tonight there will certainly be arrests of the guilty parties, be they old or young.

The Messrs. Coleman (Prof. G. L. and Major B.) have in their new automobile, "Moline," the speediest "red devil" in the city. It is a chainless machine of 20-horse power, with shaft drive and four cylinders and is capable of covering 40 miles an hour.

"UNBLOCK" YOUR DIGESTIVE TRACT
And Stop Dosing Your Stomach With Soda and Alkalizers
Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.
In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And where it gets blocked when it fails to digest properly.
Thus, what you want for real relief is not soda or an alkalizer—you want something to "unblock" your intestinal tract. Something to clean it out thoroughly and help Nature get back on her feet.
Get Carter's Pills right now. Take them as directed. They gently and thoroughly "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it—and you get genuine relief that makes you feel really good again.
Get Carter's Pills at any drugstore—25¢. "Unblock" your intestinal tract for real relief from indigestion.

FROM WHERE I SIT ... by Joe Marsh
Advertisement
Trouble Often Starts at Home
Read the other day where some folks have put up \$100,000 to establish a bureau to combat intolerance and prejudice.
Reckon we all agree that that's a mighty worthy cause. But I wonder if tolerance, like so many other things, doesn't begin at home.
You take a family where Ma objects to hubby's smoking in the parlor; and Pa can't stand his wife's hats; and they both yell at Sis for liking to listen to swing music—and you've got the seeds of trouble! Trouble that spreads to intolerance among neighbors, and intolerance among nations.
From where I sit, you can put your faith in the family that lives and lets live—where Pa enjoys his smoke and maybe a mellow glass of beer or two; and Ma wears funny looking hats and likes 'em; and Sis grows up as healthfully full of spirits as a child should be.

WE FLEW Without GUNS
By Gen. Genovese
This is a true story of the men who fly the "hump"—carrying passengers and cargo over the high Himalayas between India and China. Pilots call it the toughest airline route in the world.
* * *
"SOME GUYS WANT TO WIN MEDALS—"
XV
WHEN we had returned to Dinjan after that first—but not last—safari in Tongswa, Al and I had met an old friend. We hadn't known he was coming, that he had signed on with the C. N. A. C. But there he was when we stepped into the lounge of the pilots' quarters that evening.
"Petach!" Al and I cried at the same time.
For a good five minutes the three of us clapped each other on the back and cursed and swore and laughed and talked all together and, in general, acted like a bunch of nitwits. But then it's a long way from India to England, and that was the last place we had seen Short Stride Petach.
Petach checked out in short order as a full-fledged C. N. A. C. flight captain, and it was on March 11 that he and Fox and I took off in a three-plane formation from Kunming carrying a load of tin back to Dinjan. We had overhauled our planes with tin on that trip—that is, loaded them beyond usual capacity—because there had recently been little Jap activity in the south and the weather was good on that route. We could figure on flying at no more than 13,000 feet all the way across. Thus we would use less gas—and less gas meant more cargo.
* * *
FROM Kunming to the region around Yungping we encountered nothing but smooth flying weather. We held to an altitude of around 10,000 feet and rode along without threat from either

Japs or storms with a good 200 feet between our planes and the blanket of white clouds below. It was not until we hit the lower reaches of the Santungshan range, about midway between Assam and Kunming, that we encountered the last obstacle. As we approached the 11,400-foot peaks near Tating and went into a slow climb to give those snow-capped hazards plenty of room, I began to feel the pressure of turbulent winds. With my controls set to climb I would feel the C-53 move slowly upward for a moment, then veer off to the right or left and drop quite suddenly, throwing the altimeter back anywhere from 100 to 1000 feet.
* * *
I was in the lead of the three-plane wedge formation and, looking back, I could see Petach and Fox having the same trouble.
To turn back or to seriously alter our course at that point was out of the question; we hadn't met obstacles serious enough to send us back to Kunming, and our gasoline supply wasn't sufficient to permit much searching around for an easier route. We stayed on the course, straining to gain altitude and bucking the winds. I picked up 11,000 feet at one point and thought I was in the clear; then a downdraft drove me down almost to 10,000 in spite of the fact that I held the ship at a 45-degree angle to take advantage of the updrafts rising against the sides of the hill. I had the controls practically in my lap and the air speed was down to only 90 miles per hour.
* * *
THE highest peak on the route we had mapped out was just west of Shueiching, 12,260 feet. As we approached that range the winds became more and more turbulent.
Then there was a long moment of smooth flying, and I thought

we had outdistanced the disturbed winds, when suddenly the plane lurched violently and we were driven deep into the over-cast. I knew that the 12,260-foot peak was almost within touching distance, and when the altimeter slid from 12,500 to 11,900 my heart was in my mouth. I could expect only one thing—a crash.
I pulled the ship into a right-hand chandelle, belly flat toward the hill, nose high and wings at 45 degrees. I couldn't see a thing, the gray blanket of cloud was all around us, and I had a horrible feeling that this was it. Then, as though a light had been snapped on in a darkened movie theater, there was a break in the clouds and we saw sunlight again—sunlight on the long and ice-crueted slopes of Shueiching, beautiful and gleaming, but much too close. We missed that peak by less than a hundred yards. As we climbed above it, our motors pulling hard into a wind that wanted to force us down, I heard Hung gasp. He was looking behind us.
I couldn't look then. I had to get the plane above the peak, into the clear; but I looked back in time to see Petach and Fox in their heroic fight against death. I saw Petach's ship miss the Shueiching peak by more than twenty feet and I saw Fox crash into it, head on.
We could have gone back, Petach and I. We could have gone back when we saw Bill crash. But we could not have landed; we could only have seen the flames spring out of the ship and burn its occupants alive. We could have tried to land—and left two more ships and six more men to mark the grave. We could have been as heroic as hell—and as foolish. When Petach got drunk a few nights later he talked that way. "We should have gone back ..."
Skippy Lane was usually a pretty quiet guy, but that night when Short Stride began to sound off Skippy really said a mouthful. "You've got to remember, Short Stride," he said, "some guys want to win medals—and some guys want to win wars."

Elect L. E. Pierson Katy Chairman
NEW YORK, June 27—(P)—Lewis E. Pierson, head of the Missouri-Kansas-Texas Railroad Co., executive committee, has been elected chairman of the carrier, it was announced Tuesday after a meeting of the board of directors.
He succeeds the late Matthew Sloan, who also held the position of President. Although there was no election to fill the latter vacancy, it was announced that Pierson would function as chief executive officer of the company.
Robert D. Sanders, industrialist of Jackson, Miss., and one of the two directors elected at the railroad's 1945 annual meeting in April, offered the directors a new capital readjustment plan, details of which were not made public immediately.
The board voted to have the plan considered by M-K-T's finance committee headed by Francis F. Randolph, A. director, and agreed to reconvene when the committee was prepared to make its recommendation.
Indications were that ultimate action on the plan would take some time because of its complexities which, it was understood, involve eliminating unpaid accruals on the adjustment bonds and preferred stock without an increase in funded debt or fixed charges.
Sanders and Marvin D. Adams of Miami, Fla., the other director elected at the annual meeting, are

The marriage of Rhoda Lee Wright and H. H. Haworth, both of this city, took place Sunday evening, June 17, at the home of the Rev. Silas Roe, in Warsaw, the Rev. Roe, pastor of the Methodist church of that place, officiating. They were attended by Mr. and Mrs. R. C. Myers of Warsaw.

Mr. Haworth is foreman for the Railway Service and Supply Corporation, with headquarters in Indianapolis, Ind., but his office is at the Missouri Pacific shops in Sedalia.

Mr. and Mrs. Haworth are at home at the Terry apartment.

A dinner given Sunday at the home of Mr. and Mrs. W. D. Wise, 1614 South Osage avenue, honored their son, John W. Wise, MoMMI/C, who will leave June 30 for Philadelphia, Pa., to receive a new assignment, after spending a leave with his wife, baby son, John William, and other relatives of Sedalia. Mrs. Wise is the former Miss Bernice Thomas, daughter of Mr. and Mrs. Rolla Thomas, of south of Sedalia.

Attending the dinner were: MoMMI/C and Mrs. Wise and son, Mr. and Mrs. Ed Wise, Mr. and Mrs. Charley Wise and children.

'Going Home' To Houstonia

Of interest to Houstonia friends of Mr. and Mrs. T. D. Homan, who are now residing in that community after first moving to their old home in Strasburg following Mr. Homan's retirement from duty with the Missouri-Pacific railroad, February 25, will be the following article which appeared in the June 21 issue of The Pleasant Hill Times, and which expresses Mr. and Mrs. Homan's affection for Houstonia:

"For many years T. D. and Mrs. Homan resided at Strasburg while T. D. was Missouri-Pacific agent there. Then he met with various transfers, finally landing in the job of Missouri-Pacific at Houstonia, Mo. When retirement came for Mr. Homan he and 'the missus' concluded that it would be like going home to return to Strasburg, and they did return to that place early this year, occupying the house they had retained during all the years of absence. But once in the Burg, Mr. Homan arrived at the understanding (seconded by Mrs. Homan) that after all Houstonia was their home, sweet home—and they have gone back there to reside; their Strasburg home has been sold. Houstonia to them is a town of the present, Strasburg a town of memories. They retain a fondness for the Burg, but, vitally, Houstonia is the one and only place for them. Mr. Homan had been with the Missouri Pacific 41 years when he retired. Previously he was a year with the Katy."

The Wrestling Matches End In Big Riot

Fans Climbed Into
Ring When Eckert
Wins A Fluke Fall

The Pettis County Post No. 16, American Legion, wrestling show Tuesday night turned into a riot when Ray Eckert, California, Mo., was given the third fall of the match with Don McIntyre, Otterville, Mo., when Referee Jimmy Atkinson who had been knocked out, climbed through the ropes as Eckert rolled over on McIntyre, and Atkinson counted the fall.

It all started during the third fall. Both wrestlers had one fall apiece and the winning fall was in progress. The two men became exceedingly rough, resulting in a tie up on the north ropes. Atkinson in trying to break the two was hit, knocked out of the ring on the concrete floor, striking his head. Atkinson was practically knocked out, and the two wrestlers went at it again.

McIntyre, succeeded in "clipping" Eckert and picked him up, spinned him, dropped him to the floor and had him smothered. Atkinson, still out the fans started the count, but before Atkinson could be shoved into the ring Eckert reversed conditions, and McIntyre was on the bottom, and Atkinson counted the fall to the Californian.

With this decision, civilians, soldiers, sailors clamored into the ring and fists flew. Eckert caught one beneath the left eye and suffered a severe cut. Auxiliary American Legion Police climbed through the ropes and a few clubs went swinging and the riot came to an end. Eckert was humped over in the ring, McIntyre on top, and the Military Police who came into the armory rushed in and soldiers and sailors made a hurried exit.

During the melee a big civilian who climbed to the ring caught a right in the nose and he made a disappearance dripping with blood. From reports several others were caught on the head with a club or two, and a fist or two.

The first fall was won by Eckert using a back breaker and body smother. The time 22 minutes and five seconds, the second fall was won by McIntyre using a body slam, spin wheel and body smother in two minutes and 15 seconds. The time on the third fall, was not checked due to the riot.

In the semi-windup Marshall Estep, Sturgeon, and Ken Fenlon, Dubuque, Ia., went to a draw. Estep won the first fall in 28 minutes using the abdominal stretch, while Fenlon took the second with a double leg lock, known to Iowans as the Iowa Stopper, in five minutes. The third fall was ended because the lapse of time.

The Polish giant Talun, won his fall with Jack Gaineson in three minutes and ten seconds. He used the bear hug to cut off Gaineson's wind and then used the body smother.

The next wrestling show will be held Tuesday night, July 10, the matches next week being postponed because of the Fourth-of-July holiday.

A goodly sized crowd remained on the outside of the armory while Eckert was treated by Dr. W. T. Bishop for his injury. He was escorted to his car so he could get safely out of town.

Carol (Babe) Freee, who outlasted her teacher, Betty Hicks, in the women's western open, aims to do even better against the gal pros in the \$19,700 women's national open golf at Spokane, Wash., in August. Red Barber, who celebrates his 15th anniversary as a sports broadcaster on July 1, was offered \$100 a month when he started our speling at the University of Florida but got the job on his own terms—75 cents an hour. Wonder if Red was as good on finances as on batting averages?

By Hugh Fullerton, Jr.

NEW YORK, June 27.—(P)—The national blame . . . The current hitch in the growing program to encourage kid baseball appears to be lack of equipment. . . . Carl V. Riley, reporting on the Duquesne, Ia., setup which has grown from ten teams last year to 18 this season (in a city of 42,000), explains that lack of equipment prevents fielding a couple more teams in the 14-16 year group. . . . And from Hazelton, Pa., Bill Morgan tells of the headaches involved in staging a growing program for boys when it isn't possible to buy enough baseballs.

N. Y. Yankees Finally Win At St. Louis

Took 11 Months and
Nine Tries to Win
At Sportsman's Park

By Joe Reichler
Associated Press Sports Writer

It took 11 months and nine attempts, but the New York Yankees finally have defeated the St. Louis Browns at Sportsman's Park. In registering their sixth successive victory last night 5-4 and their first over St. Louis at the Browns' home field since last July 21, the McCartheymen shaved a half game from Detroit's first place margin. They now trail by only one game.

The game marked the start of the Yankees' second invasion of the west where they've fared none too well last May, when they dropped six out of nine, including four straight to the Browns.

It was a different St. Louis outfit the Yankees faced, however, from the team that swept them off their feet last month. Whereas the American league champions were in the midst of a winning streak in their previous Mound City clash, the Sewellmen are in the throes of a slump which has seen them drop nine of their last 12 games, and drop into sixth place, five games under the .500 mark.

The star of the Yankees triumph was relief pitcher Bill Zuber. The 31-year-old Iowan relieved starter Walter Dubiel in the sixth inning and held the Browns scoreless the rest of the way with two hits to receive credit for his first victory of the season. Zuber won his own game with a single that drove in Truck Stainback with the run that broke a 4-4 tie in the eighth. It not only earned the Yankees their ninth one-run decision, but marked the Brownies' 14th loss by the same margin.

The Yankees breezed to a 3-0 lead in the first two innings, but the Browns came back to knot the count in the third. With Tex Shirley having taken over for Al Hollingsworth and pitching airtight ball, aided by four double plays, the Browns forged ahead in the fifth, but a Yankee tally tied it in the sixth.

The victory was pleasing to the Bronxites, as until last night they had lost all of their five previous arclight contests, in addition to dropping two out of four twilight games.

Cincinnati at Boston, the only other major league tilt scheduled yesterday, was postponed by rain.

KREY PACKING CO.
OF ST. LOUIS, MISSOURI
Regrets the loss of our Mr. Wm. Shinn who has served both Krey Packing Company and the farmers and feeders of this great hog producing area for over three eventful years.
WE ARE GRATEFUL
for the splendid services of Mr. Shinn and for the whole-hearted, unswerving support given the Krey Packing Company Sedalia market by all you good producers.
KREY PACKING COMPANY
has been serving both the producer and consumer for a period of 65 years, through peace and war, panics, depressions and booms, droughts and floods, adversities and prosperity, famine of over-production and under-production, rationing and embargoes, and they have accomplished a balanced buying program throughout all these trials which has been a great benefit to the local hog producer and will continue to serve the producer in the future as in the past.
YOUR CONTINUED SUPPORT
to this well established hog market naturally is expected with the full assurance that the entire resources and benefits of Krey Packing Company are behind each and every transaction. Krey Packing Company's Sedalia Market is not a temporary emergency speculation born of immediate need like so many fly-by-night mushroom deals that will disappear as quickly as they were born once normal conditions return. There is a degree of permanency, trust and satisfaction in each and every transaction with Krey Packing Company because they want and strive to earn your support.
Remember, there is no speculation or profit for the buyer at Krey Packing Company yards. The ability of our bonded buyers has been tried and proven. They are men of experience and trust whose earnings are not dependent upon the difference of what you receive and that which they receive. There is no incentive to squeeze you out of one cent or one pound because our buyers are paid by salary by the Krey Packing Company. They are paid to treat you in a manner that will make you realize you are dealing direct with Krey Packing Company eliminating all unnecessary profits of speculators and other expensive toll stations along the road to the ultimate consumer. Effective at once we have eliminated the dock on stags and will buy all stags at market prices, straight weight, no dock.
WE ARE PAYING CEILING PRICES
permitted by the O. P. A. and cannot nor will we violate this law, and we are sure you would not ask us to do so. Again we thank you for your past support and will be grateful for your continued patronage in our effort and determination to give you a dependable, reliable, permanent hog market worthy of your loyalty.

'World Must Use It' Declares President On Great Charter

SAN FRANCISCO, June 27—(AP)—President Truman brought an historic assemblage of 50 United Nations to a close Tuesday with the declaration that it had "created a great instrument for peace and security and human progress in the world."

But now the world must use it, the President said, otherwise:

"xxx we shall betray all those who have died in order that we fight meet here in freedom and safety to create it."

As chief executive of the United States, he promised that the charter of a new world organization dedicated to preservation of peace will be sent to the senate "at once." Likewise, he urged speedy ratification by other nations.

"I am sure," Mr. Truman told statesmen of 50 nations gathered in San Francisco's War Memorial opera house, "that the overwhelming sentiment of the people of my country and of their representatives in the senate is in favor of immediate ratification."

Built To Forestall Strife

Throughout his address ran the theme that the charter of the new world league that was built from universal desires that never again shall the world be engulfed in war. It isn't perfect, Mr. Truman said, and there must be a will among nations to use it well. But like the American constitution, the President asserted, it can be improved through the years.

"Upon all of us, in all our countries," the President said, "is now laid the duty of transforming into action these words which you have written. Upon our decisive action rests the hope of those who have fallen, those now living, those yet unborn—the hope for a world of free countries—with decent standards of living—which will work and cooperate in a friendly civilized community of nations."

Structure For Peace
"This new structure of peace is rising upon strong foundations."

"Let us not fail to grasp this supreme chance to establish a world-wide rule of reason—to create an enduring peace under the guidance of God."

With this new charter, Mr. Truman said, the world can start looking ahead toward a time when all worthy humans may live decently as free people.

He emphasized, however, that forces of tyranny and reaction would attempt to split asunder the United Nations. To divide and conquer, he said, was and still is the aim of the Axis. But he predicted it would fail in the future as in the past.

Addressing the conference delegates directly for a moment, the President told them they had assembled at the Golden Gate nine weeks ago with the high hopes and confidence of peace-loving people the world over. He added:

"Their confidence in you has been justified."

Hope Fulfilled

"Their hope for your success has been fulfilled."

"The charter of the United Nations which you have just signed is a solid structure upon which we can build a better world. History will honor you for it. Between the victory in Europe and the final victory in Japan, in this most destructive of all wars, you have won a victory against war itself."

The charter, Mr. Truman said, was the result of a spirit of give-and-take, of tolerance of the views and interests of others. It was proof, he declared, that nations, like men, can find common grounds on which to stand.

"If we had had this charter a few years ago—and above all, the will to use it—millions now dead would be alive," the President asserted. "If we should falter in the future in our will to use it, millions now living will surely die."

He spoke of the cooperation which had guided the Allies to victory over Germany and remarked that out of the conflict had come powerful military nations fully trained and equipped for war. But he had words of reassurance for lesser powers:

"The great nations, he said, have no right to dominate the world."

Rather, he said, it is their duty to assume responsibility for leadership toward a world of peace.

"That is why," Mr. Truman said, "we have here resolved that power and strength shall be used not to wage war, but to keep the world at peace, and free from the fear of war."

It must be recognized, he continued, that no one nation, no group of nations, can or should expect any special privilege which harms any other nations.

"If any nation would keep security for itself," he said, "it must be ready and willing to share security with all. That is the price."

MAN HAD BRICK IN HIS STOMACH FOR 10 YEARS

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking ERB-HELP and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Sold by all Drug Stores here in Sedalia.—Adv.

which each nation will have to plan—and there is a time for action. The time for action is now! Let us, therefore, each in his own nation and according to its own way, seek immediate approval of this charter—and make it a living thing."

"And what a reasonable price that is!"

In calling on all member nations for speed in ratification, Mr. Truman said:

"There is a time for making

plans—and there is a time for action. The time for action is now! Let us, therefore, each in his own nation and according to its own way, seek immediate approval of this charter—and make it a living thing."
